NEWTON, N.J. -- Join The Tree of Health Center on Saturday, Jan. 4 from 11 a.m. – 3 p.m. as we present an Introduction to Wicca. This four-hour program is facilitated by Kathleen Gonzalez, a Wiccan High Priestess who personifies the love and beauty of earth's elements. She'll unravel the mystery as you learn about this deeply peaceful, balanced and harmonious way of life which promotes oneness with the divine and all that exists. Discover the spiritual system that fosters free thought and individual free will, encourages learning and an understanding of the earth and nature, and affirms the divinity in all living things.

Wicca celebrates and honors the cycles of nature and the phases of the moon, and uses the natural remedies placed on this earth for our benefit to stir mixtures for headache remedies, cold tonics, or flea baths for our pets. These teachings embrace healing, love, harmony, wisdom and creativity, believing that the spirit of the One, Goddess and God, exist in all things - in the trees, rain, flowers, the sea, in each other and in all of nature's creatures. Come learn how to honor and work with the spirits of the elements of Earth, Air, Fire and Water which combine to manifest all creation.

In Wicca it is believed that anyone who is meant for this path will find it through their own search, as the Goddess speaks to each of us in her own time and in her own way. **Perhaps this is your path. Perhaps this is your time.**

Please join us on January 4th as we introduce you to the world of Wicca. The cost is \$50 for the program or \$45 if registering early.

Kathleen Gonzalez is a facilitator and practitioner with The Tree of Health Center. She is trained through the New Jersey Metaphysical Center and The Modern Mystery School International, and is an Intuitive, Energy Healer and Massage Therapist. Intuitive readings and healing services will be offered after the program for all those who are interested.
